Rebuilding for Renewal

How to Pray During Construction

As we begin this season of renovation, we want to cover the entire process in prayer because we're not simply renovating buildings—we're preparing spaces for generations of gospel ministry in Los Angeles.

1. **Pray for the Construction**
   - **Safety:** Pray for the protection and well-being of everyone working on the project.
   - **Provision:** Pray that God will provide the needed resources and help us steward them wisely.
   - **Progress:** Pray for smooth construction, minimal delays, and solutions to unexpected challenges.

2. **Pray for Our Congregation**
   - **Unity and Patience:** Pray that our church family will remain united, joyful, and patient through the disruptions caused by construction.
   - **Continued Ministry:** Pray that our ministries will continue to flourish as we adapt to temporary spaces and changing circumstances.
   - **Spiritual Renewal:** Pray that God will deepen our faith, strengthen our dependence on him, and grow us in prayer and generosity.

3. **Pray for Our City**
   - **Our Neighbors:** Pray that we will be considerate neighbors and a blessing to our East Hollywood community throughout construction.
   - **Serve LA:** Pray that our service to poor and unhoused neighbors will continue uninterrupted, then expand through the renovated Hope Center.
   - **Future Generations:** Pray that our renovated buildings will become a home for our church and a hub of gospel renewal for Los Angeles for generations to come.

"Now to him who is able to do far more abundantly than all that we ask or think … to him be glory in the church and in Christ Jesus throughout all generations, forever and ever. Amen."

Ephesians 3:20–21
